Project Name	Project - Smart Fashion Recommender Application
Maximum Marks	2 Marks

I am	I'm trying to	But	Because	Which makes me feel
Customer	Get Fashion Recommendation	it takes Personal Information	it recommends based on data	less secure
Customer	Purchase Product	it is not giving correct recommendation	I am a user	Frustrated
Customer	Purchase a Product	it bank details	it does not support Cash on Delivery	Disappointed
Customer	Get Fashion Recommendation	I am worried about the quality	the product reviews are low	Worried
Customer	Browse Products	It takes long time	The server is not responsive	Frustrated
